

Dear Bravo,

My two beautiful Siberian cats, Max and Aleks, wanted me to write to tell you how much they enjoy the freeze-dried chicken Bonus Bites. Every day they each get a piece, and they begin batting the treat around, sending it skidding across the floor or flipping it up in the air. The chase game begins in the kitchen, and usually continues through the living room and dining room. They leap and pounce, and then finally eat the “mouse.” It is definitely their favorite treat...and mine too!
