

Dear BRAVO!

As a youngster, Kevin's stomach noises would keep us up all night. I felt bad for the little guy and being a health food conscious person myself, I didn't want to start using chemical additives or drugs as a remedy or solution.

And my Ryan, I was all set to retire Ryan from agility at only 7 years of age . ( Ryan is almost 9 years old now). He was slowing down and seemed to be "trying to hard" on the afternoons agility courses.

I have always been concerned about what I feed and put in and on my dogs as well. I did some research and decided to put both my shelties on the BRAVO diet, all natural, NO chemicals or preservatives. Well – it didn't take long to see amazing results. Kevin's stomach has stopped squeaking and gurgling and he feels so much better, that he's gone on to be a National Agility Champion..

And Ryan ? Last year , Ryan completed his Master Agility Champions, MACH 3, MACH 4 and MACH 5 !! We are currently working on his MACH 6 and we will keep doing agility as long as we can.

Thank you BRAVO !!!
